

# Isopan

## Rigid PVC Panel Isolated

- Made of UV-treated white fibreglass
- Ultra-rugged
- Glossy finish on both sides, making easy to clean
- High density insulation of 1 5/8 "
- Available height; 36", 42", 48", 60" and 72"

# Isoclear

## Rigid Polycarbonate Panel

- Panel made of polycarbonate treated against UV rays
- Translucent panel letting inside 68% of outside light
- The lightest panel on the market
- Honeycomb panel 1" thickness
- Available height; 36", 42", 48", 60" and 72"

For the last 25 years VENTEC CANADA has helped its customers in animal production optimize the efficiency of their operations.

VENTEC CANADA products reduce animal stress due to temperature change, diseases, injuries and mortality through innovative solutions for effective ventilation, patented and durable.

The accessibility of VENTEC CANADA products is via an international distribution network.

Insulated Sturdy PVC Panel

# Isopan

Rigid PVC Panel Isolated

## VENTEC CANADA ISOPAN RIGID PVC PANEL ISOLATED

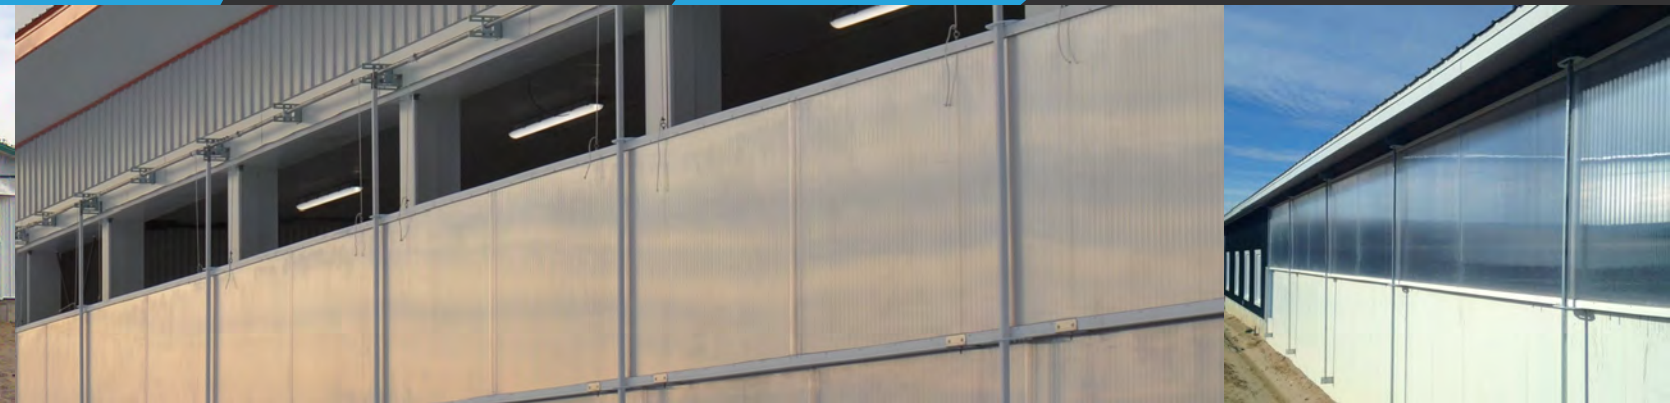

- Panel made of polystyrene covered with a UV treated PVC layer on each side.
- Our Isopan panel is manufactured without wood or any other material sensitive to damage that may affect its service life.
- Gloss finish on both sides therefor facilitating cleaning.
- 1 5/8" high density Insulation.
- PVC molding preventing freezing during cold temperature.
- Option: Thermos window, insulation guarantee against defect.
- Panel 36", 42", 48", 60" and 72" height available.
- Built to last.

## FEATURES

- Flexible double seals 1" wide, which surround the outline of the opening.
- Windbreaks 12" wide, white color available.
- Aluminum post.
- Lifting mechanism attached directly to the panel.
- Reinforced galvanized steel panel inside providing greater rigidity.
- Lifting by rolling up or linear traction.
- Hoisting rope 1/8" stainless steel.
- Traction cable: 1/4" to 5/16" stainless steel.
- Accessories and mounting hardware stainless steel.

# Isoclear

Rigid Polycarbonate Panel

## VENTEC CANADA ISOCLEAR RIGID POLYCARBONATE PANEL

- Panel made of polycarbonate UV treated.
- Our Isoclear panel is manufactured without wood or any other material sensitive to damage that may affect its lifetime .
- Translucent panel letting inside 68% of outside light.
- Light panel
- 1" thick cellular polycarbonate panel.
- PVC molding preventing freezing during cold temperature.
- Panel 36", 42", 48", 60" and 72" height available.
- Built to last.

## FEATURES

- Flexible double seals 1" wide, which surround the outline of the opening.
- Windbreaks 12" wide, white color available.
- Aluminum posts.
- Lifting mechanism attached directly to the panel.
- Reinforced galvanized steel panel inside the recovery providing greater rigidity.
- Lifting by rolling up or linear traction.
- Hoisting rope 1/8" stainless steel.
- Traction cable: 1/4" to 5/16" stainless steel.
